

Skilled Worker visa: eligible occupations and codes

The table is sorted in order of occupation code, with the smallest numbers at the top. You may be able to use your web browser to search for it on the page.

If you cannot find your job on the list, try looking for similar job titles or the occupation code instead. Use full words, such as 'laboratory' rather than 'lab'.

All SOC codes are listed as either Higher Skilled, Medium Skilled or Ineligible.

Occupation codes changed on 4 April 2024. Some codes may be different from codes you have used previously.

If you do not know your job's occupation code, you can search for your job in the [CASCOT occupation coding tool](#).
